Well, Summer is in full swing....and boy is it hot!! We need to take time to cool off. That being said...we will be having our August club meeting and picnic on Saturday, August 6th, from 11:30 a.m.-- till. We have reserved the D. W. Oellerich Memorial Park Recreation Area, 6187 Ridge Road, Appling, GA for the event.

You should arrive around 11:30 a.m. and we will plan to eat around noon. The club will provide hot dogs, chips and drinks. Please bring a salad, side dish or dessert for everyone to share. Also, remember to bring your chairs. The entrance gate will be manned from 11:30 until 12:15. If you arrive before 11:30, you will have to wait. If you arrive after 12:15 and no one is manning the gate, please call me at 706-825-1674 or call Lynda at 706-726-1654 and we will send someone to open the gate for you.

There is a sandy beach area for swimming. There is also a dock. If you have a watercraft, for example a boat, jet ski, etc., and want to bring it, be sure to contact me at 706-825-1674 or by e-mail prior to the 6th for important safety information.

Directions to the picnic (From Evans area): Take Washington Road towards Pollard's Corner. Continue past Pollard's Corner for 4 miles to Ridge Road. Turn right on Ridge Road. Go another 2.3 miles to D. W. Oellerich Memorial Park Recreational Area, 6187 Ridge Road. The recreation area is on the left. Please bear in mind the area where you'll park your vehicle is not paved.

Please drop me an e-mail and give me an idea of how many members of your family may be attending so we can get an estimate of how much food to prepare.

## **Blue Angels-themed Mustang to be auctioned off at EAA AirVenture**

Ford has partnered up with EAA AirVenture for the last several years, producing one-off aviation-themed Mustangs that are auctioned off to benefit the EAA Young Eagles program. Whether it's the collectible nature of the cars or just plain generosity by those with deep pockets, the cars have always garnered huge bids. Last year, an SR-71 Blackbird-themed Mustang built in collaboration with Shelby and Roush sold for \$375,000, and previous years' cars have sold for up to \$500,000.

We fully expect there to be plenty of interest in this year's car as well, with the Blue Angels being chosen as the theme for 2011. The one-off Mustang was built by Creation 'n Chrome in Valencia, California, and features an amazing chrome blue paint scheme that pays homage to the famous F/A-18 Hornets. The Spectra Chrome process that was used along with hand painting the graphics took more than 600 hours to complete. A Boss 302 front fascia, custom rear wing and a set of HRE 590RS wheels complete the look of the exterior.

The Blue Angels theme continues inside, drawing inspiration from the pilots' suits. Dual yellow stripes can be seen on both the seats and seat belts, and the custom Alcantara and leather Recaros each feature an embroidered logo of the Blue Angels' crest. A few pieces from the Boss 302 Laguna Seca parts bin were used inside as well, including the dash-mounted triple gauge pack and the rear seat delete that has also been painted yellow. Even the gauges have been changed to an aviation theme, with the speedometer now displaying "ground speed."

Performance hasn't been ignored either. A supercharger system, Ford Racing handling pack and Brembo brakes have all been installed.

If you want to see the Blue Angels Mustang up close, it will be on display inside the Ford Hangar during EAA AirVenture from July 25-31 in Oshkosh, Wisconsin. Interested in buying the car? You'll have your chance on July 28 when it goes up for auction. Hit the jump for more details and the official press release from EAA AirVenture.

## 24-year-old wins pair of Ford Mustang Boss 302 coupes

Thomas Barker will need to clear out a space in his driveway. The 24-year-old from Effingham, Illinois claimed the top prize in the 2011 Mustang Dream Giveaway, which means he actually needs to clear out two spaces. One spot will go to his brand-new 2012 Ford Mustang Patriot Edition Boss 302, while the other will be taken up by a completely restored 1969 Ford Mustang Boss 302. You read that correctly, Mr. Barker just won two Boss Mustangs.

According to Mustang Evolution, the pair of prizes in the 2011 Mustang Dream Giveaway were designed to rake in money that was then donated to benefit members of the armed forces. More specifically, those men and women returning home with traumatic injuries not covered by the U.S. Department of Veteran Affairs.

Barker will pick up both coupes at Ford's global headquarters in Dearborn, Michigan. His 2012 Boss 302 is a special edition that wears serial number one of one, and his restored 1969 Boss is one of only 46 built with Calypso Coral paint, a four-speed manual transmission and 3.91 gears. The icing on this already amazing cake? Parnelli Jones has signed the classic Mustang.

Congrats are in order for Thomas Barker. If you need someone to drive home either the modern machine or the classic muscle, feel free to drop us a line, we're in the neighborhood.

1969 Boss 302 Rare and Collectible Factory Racer

2012 Boss 302 One-of-a-Kind Patriot Edition

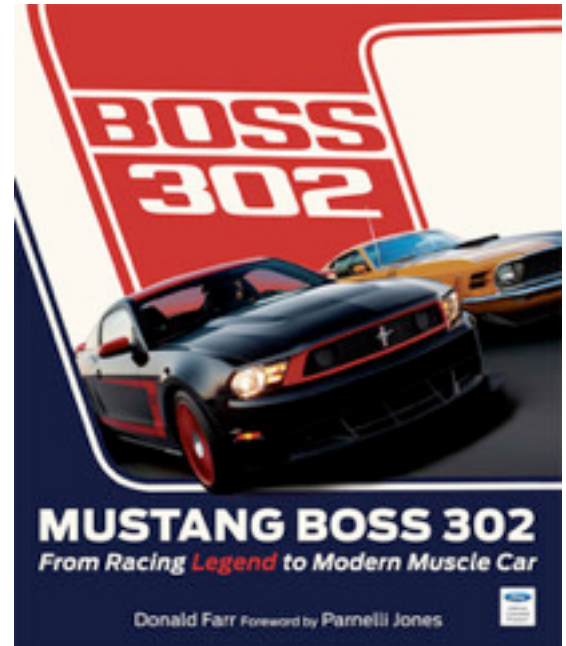

Of the legendary names in the history of the Ford Mustang, one stands apart: BOSS. Originally created to homologate the new Boss 302 engine and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. Designed by the legendary Larry Shinoda, the Boss cars were easily distinguished from their less potent stablemates by their race-bred powerplant, standard front spoiler, and bold graphics.

For the 2012 model year, Ford has at long last revived the most revered of all Mustang models: BOSS. With a new racing counterpart and a modern street version that delivers more than 440 horsepower, the Boss is truly back!

To mark this historic occasion, Mustang historian Donald Farr has written a complete history of the Boss 302, from its late 1960s origins in Ford's boardrooms, through its Trans-Am successes and untimely demise in 1970 up to the conception and development of the spectacular new 2012 Mustang Boss 302. Packed with brilliant photography and first-hand accounts from the people who created the original Boss as well as the team that resurrected Ford's most iconic Mustang, this is the story every Mustang enthusiast has been waiting to read!

### **Joke of the month**

#### **Baseball in Heaven?**

Two buddies Bob and Earl were two of the biggest baseball fans in America.

Their entire adult lives, Bob and Earl discussed baseball history in the winter, and they pored over every box score during the season. They went to 60 games a year. They even agreed that whoever died first would try to come back and tell the other if there was baseball in heaven.

One summer night, Bob passed away in his sleep after watching the Yankee victory earlier in the evening. He died happy. A few nights later, his buddy Earl awoke to the sound of Bob's voice from beyond.

"Bob, Is that you?" Earl asked.

"Of course it me," Bob replied.

"This is unbelievable!" Earl exclaimed. "So tell me, is there baseball in heaven?"

"Well, I have some good news and some bad news for you. Which do you want to hear first?"

"Tell me the good news first."

"Well, the good news is that yes there is baseball in heaven, Earl."

"Oh, that is wonderful! So what could possibly be the bad news?"

"You're pitching tomorrow night."
