Welcome to the latest installment of the CSRA Mustang Club Newsletter. As promised, I have spotlighted a few members. This month's participants are the Prewitts and the Trapps. Thanks for playing along! I was going to hold a vote to revoke Michael Trapp's man license based on the way he answered question #1, but I think that he redeemed himself with his answers to #7 and #8! The questionnaire can be found on page # 6. Hopefully, we can learn a few new tidbits about each other, besides what cars we drive! I plan on changing the questions from month-to-month. I had to get some ideas from online, and I saw a few funny and quite "interesting" questions, but I have to remember that this is a family-oriented club and everyone may not share my warped sense of humor. I look forward to seeing everyone on the 3rd.

**Update on Mike Cash: He is home and seems to be doing better. We hope you're feeling better and we can see you at the meeting!

Please email any comments to mike.anchor@yahoo.com. THANKS!

Mike

From the President

Well, I am glad January is almost gone. Snow, ice and Mustangs just don't mix!

At this time of year the only thing our club has to be thinking about is our April show at Fairway Ford. It will be here before you know it. In your travels and dealing with your local parts supplier, it's not too early to start asking for items to be used as door prizes. Lets get a head start on the other car clubs as the show season starts up. Don't be afraid to ask...you might be surprised.

In the coming meetings we will be putting together a list of volunteers to work at the show. If you would like to help, please contact one of the officers.

We have had several new families join the club who have expressed an interest in working on a committee. Please come out and join in on the fun!

Our trip to the Barrett-Jackson Auction in Phoenix was a BLAST! It was my first time going and what a memory! We saw a lot of Mustangs go across the auction block and bring premium prices. But, the one we all will remember was the 2012 Boss 302 Laguna SECA serial number 1 of 1, the only one to be built in Grabber Blue. It brought \$450,000 at auction to benefit the Juvenile Diabetes Foundation.

At our MCA meeting Steve Prewitt was installed as President for the next two years. Congratulations to Steve!

Mustang Members,

The year has started like a stampede and before we know it, the ponies will need to be polished and sparkling for all the shows. Here are the upcoming shows for Feb/Mar. 2011. Anyone interested in going to Jacksonville, I would recommend you go ahead and make your room reservations and check the website for registration forms for any of the below shows, or contact me for a copy. Several of the shows are only going to judge pre-registered cars. If I read this on any of the sites, I put it on the calendar. If you know of a show or hear of a show that you do not see listed on the calendar, please pass the information to me so I can update the calendar. See everyone at Evans Diner soon.

MISCELLANY

- A one-of-a-kind, factory-painted Grabber Blue 2012 Mustang Boss 302 Laguna Seca was auctioned at the 40th Annual Barrett-Jackson Collector Car Auction at WestWorld in Scottsdale, Arizona. Racing great Parnelli Jones provided commentary from the auction stage. The auction helped raise money for the Juvenile Diabetes Research Foundation. Selling price was \$450,000.

- Looking for a cool and unique gift idea? Check out www.roadmice.com. I found a few of these at Office Max a few months ago.
- The Pony Car wars may just be heating up. Car and Driver magazine reports that a 45th Anniversary (can they really claim 45 years, though?) Camaro with a 6.2 liter LSA V-8 rated at 556 hp is in the works.
- Switch 'em Danno!! Maybe others had noticed sooner, but I just found out that they are using a Camaro (and a V-6 at that) on the TV show Hawaii 5-0. How can the 5-0 not drive a 5.0? Steve McGarrett always drove Ford products (Mercury) as best as I can remember. Is nothing sacred anymore?
- Are you an MCA member? If not, you are missing out on a great magazine (Mustang Times) and lots of other benefits of being a member. You can get all the information at www.mustang.org.
- The Mustang Source (www.themustangsource.com) has an app for Apple and Droid devices. It can be purchased (free) in iTunes or The Marketplace.
- According to the Detroit Free Press, Ford earned \$6.6 billion in 2010 and reports that hourly workers get a \$5,000 profit-sharing payout. Ford also reported that they gained U.S. market share for the second year in a row and cut it's automotive debt by \$14.5 billion. Sounds like good news indeed!
